

Greater Lynchburg Transit Company

Snow Routes

Generally GLTC operates in most inclement weather, unless it is a particularly severe event. During a snow event, we may implement the attached snow schedule by route. You will note in order to maintain our primary routes we may restrict the use of certain primary streets and areas. The following routes represent our commitment to provide the safest and most reliable service during the event of snow or adverse weather.

GLTC remains committed to provide safe, affordable and dependable service to you, our customers even in inclement weather, and so these routes may change as needed.

The specific changes to the snow routes are in bold.

1A Snow Route:

- Leave Transfer Station regular to Grace and Florida Avenue (**no Tri-Teck or Buena Vista Street**).
